# Let's Talk About Colon Cancer

**Date:** Tuesday  
September 22nd

**Time:**  
7:00PM-8:15PM

Join our two expert panelists:

## Dr. Nadine McCleary

Senior Physician at Dana Farber  
Cancer Institute

Assistant Professor of Medicine,  
Harvard Medical School

## Dr. Nicolette Rodriguez

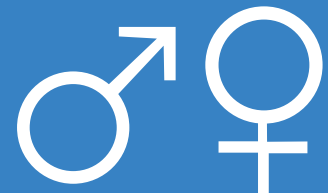

Clinical and Research  
Fellow: Department of  
Gastroenterology,  
Hepatology and Endoscopy  
Brigham and Women's Hospital

Harvard Medical School  
Postdoctoral Research  
Fellow

## Topics of discussion include:

- Risk factors for colorectal cancer in average-risk adults
- Signs and symptoms of colorectal cancer
- Discussing the most up-to-date colorectal cancer screening guidelines and modalities
- Health disparities in colon cancer diagnosis and treatment
- Considering Chadwick Boseman's tragic death from colon cancer

**Colon cancer affects  
men & women equally.**

**Time for Q&A from participants.**
